

LEVEL.COM LC-100 Calibration Kit (LC-CalKit)

The LC-100 Calibration Kit is a complete set of tools designed to provide an accurate, reliable and portable method for calibrating the LevelCom LC-100 Tank Level Gauges.

Each Calibration Kit contains comes in a heavy duty carry case and includes;

Electronic pressure calculator
Precision hand pump,
All necessary fittings
Step by step instructions

Measures pressure and vacuum to 0.05% of full scale with internal 30 or 100 psig sensor

1/8 NPT pressure fitting

Compatible with non-corrosive gasses and liquids

Measure pressure to 10,000 psi/69 mPa using one of 29 Fluke 700Pxx Pressure Modules

Measure mA with 0.025% accuracy and 0.001 mA resolution, while providing 24 volt loop power

New built-in pressure switch test feature - Min/Max/Hold functions

Portable, hand operated pump easily generates 300 psi (20 bar) without electricity or compressed air

Light, compact pump, easily transported

Fine adjustment piston allows the user to achieve an exact pressure for cardinal point pressure calibrations

Precisely vent pressure with soft seated bleed valve

Quick-disconnect gauge adapter allows changing test gauges without using a wrench

Low volume Quick-test hose, gauge adapter and process connection can be attached to pump without thread sealant or a wrench

Order Item # LC-CalKit
